## Information on the NKS Products

[Monolith](#) by Artistry Audio

- MSRP: \$149
- What it is: extremely versatile Bass Synth-Engine
- Content: 85 Sound Sources / 350 Master Presets / 100 Effect Presets / 50 ARP Presets
- Monolith is an infinite bass engine ready to propel your music to stratospheric heights. Utilize hundreds of ground shaking presets to quickly cut through your mix, or dive deep into the parameters to sculpt bass tones that are all your own. Use any of the 85 groups of high definition basses, subs, orchestral, and synth samples or import your own samples for infinite inspiration.

[Elysium](#) by Wide Blue Sound

- MSRP: \$199
- ELYSIUM is an inspiring synthesizer that combines tonal rhythms with beautiful sounds to present what has been heralded as a "utopia of possibility". With an entirely new way to create striking pulses, beautiful organic arpeggios, evolving pads, and one-of-a-kind hybrid instruments, Elysium simply cannot be replicated by any other synth on the market. Infinite inspiration at the click of a button.: from the Sound Browser or FX Pages, use the Generate buttons to blend thousands of hand-crafted sounds and FX presets to generate something brand new, uniquely yours, and human-approved.
