

## **Free Studio One 3 (Artist Version) with all units from the Antelope Audio Orion32 family**

*Studio One 3 is The Next Standard in music production. It comes with everything you'd expect from a modern digital audio workstation. It's fast, flow-oriented and was built by creative people for creative music production. Studio One offers exclusive features like Arranger Tracks with unlimited Scratch Pads, new Virtual Instruments, powerful Multi-Instrument and extended FX Chains and built-in Mastering tools. Studio One is a massive DAW that can handle all aspects of working with audio, music and sound design.*

The Studio One 3 **Artist** version retails at **\$99**. To get it for **FREE** you must purchase and activate Orion32, Orion32+ or Orion32 HD by Antelope Audio between **Feb 15, 2018** and **March 31, 2018**.
