BRING THE MAGIC HOME

with the following included effects:

Auto-Tune Synergy (Vocal Pitch Correction)

Antares' famous vocal effect can be used in real-time during tracking and live performances.

Filtek MK3 (3-Band EQ / HPF / LPF)

Clean and transparent EQ from the 70's that is ideal for making precise adjustments to the source.

V12 Chorus (Multi-Voice Stereo Chorus)

This effect creates unique textures by imitating instruments or singers layered on top of each other.

GYRATEC XIV (Stereo Passive Tube EQ)

Just like the original, this exclusive effect gives subtle widening to the stereo image.

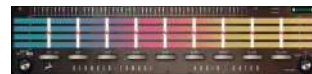

MG4+ (6-Band EQ)

This essential effect gives transparency and presence to vocals, with options for adjustments.

COMP-4K-BUS (Stereo Bus Compressor)

The master bus of a classic console unit brings together instruments like no other effect.

Blonder Tongue Audio Baton (Tube Graphic Equalizer)

This rare model gives authentic clarity to instruments and vocals alike.

SMT-100A (Tube Leveling Amplifier/Limiter)

This analog-modeled effect gives vintage warmth from the 80's with fast attack times.

LIVERPOOL (Vari-Mu Tube Compressor)

This classic effect is your source for rich mid-range compression and fast transient gripping attack.

afx2daw (Bridge Plugin)

Easily mix and master with Synergy Core effects in your DAW with processing done by the interface. Available for desktop Thunderbolt™ interfaces and Zen Go Synergy Core for macOS & Windows
