Included in the bundle are full-version licenses of **Antares Auto-Tune® Access**, **Relab LX480 Essentials**, and **XLN Addictive Drums 2: Focusrite Special**.

These come in addition to the already stellar suite of software tools that ship with Clarett interfaces: Brainworx bx_console Focusrite SC; Red 2 and Red 3 EQ and compressor; XLN Audio Addictive Keys; The Softube Time and Tone bundle; membership to the Focusrite Plug-in Collective, and Ableton Live 10 Lite.

Used in tandem with Clarett's high-headroom microphone preamps (featuring Air mode) and studio-quality converters, The Hitmaker Expansion delivers the industry-standard hardware and software capable of creating tomorrow's hit records.

Valid on purchases made from October 1, 2020 to December 31, 2020.
