4-for-all Mega BOGO

Buy 1, get 3 FREE

For a limited time, get four IK products for the price of one!

Choose one of the eligible products below. Then register your purchase and choose three more software titles of equal or lesser value for FREE under "Promotions" in the IK User Area.

But wait ... there's more! You can multiply the savings by grabbing two items or more. For example, rather than getting a pair of MTMs as a single item, purchase two individual iLoud MTMs and then get three FREE software titles for each one!

All IK software titles are eligible* to enter this promo and are available as FREE titles of equal or lesser value.
