Buy Reason 10 now – get the new Drum Sequencer for free.

Drum Sequencer is a Player Rack Extension that can be added to any instrument device in Reason. With its powerful-yet-intuitive programming tools you'll be knocking out drum beats faster than ever. With features such as repeats, probability and per-channel time resolution, the creative potential is endless! And the best of all—it adds fun to drum programming. Loads of fun!

Features:

- Pattern based drum programming
- 8 channel, 16-steps, 8 patterns
- Visual programming
- Per-step settings: velocity, repeat, probability
- Per-channel settings: Time resolution, play direction
- Quick editing tools: random, copy, paste, preset, fill and more
- Shuffle control

How this works

Drum Sequencer Player is available for free to Reason 10.1 owners for a limited time, and can be downloaded from the Propellerhead shop. Reason 10.1 is a free update for all Reason 10 owners and is currently available for free through Reason's auto update.

Reason 10.1 owners can download the Drum Sequencer Player here:
<https://shop.propellerheads.se/rack-extension/drum-sequencer/>

*Offer applies to all Reason 10 owners including Reason 10 full version, Reason 10 Upgrades and Reason Student / Teacher.
