HOW THE PROMO WORKS

1. Register a new Console 1 between October 1st and December 31st, 2019.
2. Licenses to Console 1 and American Class A will be added automatically to your Softube account.

I can't see my Console 1 license. What's going on?

When you register a Console 1 during this period, you will be able to see American Class A, but not Console 1, on the list of products you own.

However, you still have a Console 1 license and it will be visible on your iLk account. After the promo ends, you will be able to see Console 1 again.
